RE: 2013 Equalization Report

Commissioners,

The Van Buren County Equalization Department has prepared the enclosed report of values within the 18 townships and 4 cities in the county. The values shown are taken from the local governmental units' 2013 assessment rolls and further equalized to correct any inequalities between units as is required by Section 211.34 of the Michigan Compiled Laws. No factors were applied to the local units this year.

The values reflected in this report show a 1.15% increase in equalized value and 3.50% increase in taxable value overall when compared to the 2012 values.

The total Van Buren County Equalized Value projected is **\$ 3,664,556,379**
The total Van Buren County Taxable Value projected is **\$ 3,082,778,987**

I would like to express my appreciation to the local supervisors and assessors for their cooperation in providing all information necessary to arrive at final totals. I would like to especially thank Timothy Lent for his hard work and coordination between this department and the local unit assessors and supervisors. Timothy just started in January and did an outstanding job of quickly learning how to import and export the data necessary to complete this report. And finally, the rest of my staff for an excellent year of appraisal work that went into preparing this report.

Respectfully submitted,

Edward K. VanderVries – MMAO IV, PPE
